

Hema Malini on 92.7 BIG FM reveals she could express the feeling of love because of Dharamji

The radio station is celebrating her 70th Birthday by bringing Esha Deol on board as BIG MJ of the Week

Fondly known as the Dream Girl of Bollywood, **Hema Malini** is renowned for her acting skills combined with her ever green beauty. The actress, who has regaled the audience over decades with stories through her dance ballet performances, will be heard sharing a piece of advice on love and relationships during a candid conversation with BIG MJ Dilip of 92.7 BIG FM.

To mark the grand occasion of the stylish icon turning 70, the radio station invited her daughter **Esha Deol as the BIG MJ of the week** where Esha speaks about the eternal bond with her mother, some fond childhood memories and much more. The mother-daughter duo will be sharing interesting, never heard before tit-bits about their life on the show.

During one such conversation, when Hemaji was quipped about the most memorable phone call, without battling an eye-lid she said, *"It was when Dharamji called me and said I love You."* On being probed further about how it all happened, she said, *"Back in those days, it was very difficult as there used to be landline phones and you had to find a proper place to speak over the phone. Romance is a very beautiful feeling. I could express the feeling of love only because of Dharamji. It is not like you can express this to anyone. A lot of people might love you, but you can only reciprocate to the one who you truly love and that's how it has been between us. It never happened with anyone else."* On speaking further about the feeling of love, she said, *"When you love someone it comes from within. That is the most beautiful thing I believe every woman should experience. They should fall in love once. Love is such a beautiful expression. When you hear the person you love, express their love over the phone, it's a different feeling altogether, you just want to keep listening and not hang up."*

We must say, Dharamji and Hemaji are a true example of eternal love in an industry full of surprises, twists and trials.
